

# WJM 15/630

## 630A Insulated Cap

### Features

- Manufactured from EPDM rubber
- Used to insulate, shield and seal the bushings of interface C
- Tested in compliance with IEC 60502.4
- 100% factory tested

Dimension: mm

### Technical Data

<b>Voltage Class</b>	15kV
<b>Continuous Current</b>	Up to 630A
<b>AC Withstand Voltage</b>	39kV for 5min
<b>Partial Discharge</b>	15kV,≤10pC
<b>Impulse Withstand Voltage (10 times for each polarity)</b>	95kV
<b>Screen Resistance</b>	≤5000Ω
